TITAN PLUS 8

Strong and durable, yet designed to be light in the trench. Kundel's Titan Plus series has a strong, all-steel, solid-welded design that has been specially engineered to give extreme strength where it's needed - without all the extra weight. These shields rely on real world engineering and thick, reinforced formed steel for unwavering toughness in the trench. This series is perfect for the occasional user doing mainline work.

The TITAN Plus 8 is an all-steel design trench box that is solid welded and designed for medium duty trench safety work.

TITAN PLUS 8
Plus Series

FEATURES

- 18" Knife Edge Taper
- 7" (X) Strong Pipe Sockets
- 1½" Thick Pounding Pads
- 3" Solid Stacking Lug Bar
- ½" x 3" Cutting Bar

SPECIFICATIONS

Production Depth: 20' to 34'
Side Wall: 8½"
